

SUPPORT

BUILDING HOMES FOR HEROES®

Organizational efficiency and sound fiscal responsibility are of utmost importance at Building Homes For Heroes®; neither the CEO nor the board members are compensated for their duties. The organization strives to keep fundraising and administrative costs at a minimum, thus only a small percentage of funds are allocated to overhead costs.

Based on the audited financial statements for the year ending December 31, 2016, the organization had a program service percentage of 92.82%. The organization gifted 29 mortgage free homes in 2016, reaching their hundredth milestone home in November 2016. The organization has high hopes of gifting as many as 33 homes in 2018, equal to one home every 11 days.

As a result of these efficiencies and transparencies, Building Homes For Heroes® has received a four star rating from charity navigator. Financials and Form 99 are available on our website.

CHARITY NAVIGATOR

★★★★★ Four Star Charity

Building Homes for Heroes, Inc., is registered with the IRS as a national non-profit public charity exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

OUR MISSION

Building Homes For Heroes® is strongly committed to rebuilding lives and supporting the brave men and women who were injured while serving the country during the time of the wars in Iraq or Afghanistan. The organization gifts mortgage-free homes to wounded veterans and their families. It's our honor to support the men and women who have loyally and courageously served our country.

Building Homes For Heroes® was officially founded in 2006. We build, modify and enhance homes, and gift them, mortgage-free, to injured veterans and their families.

These gifted homes not only help to remove the family's financial burden, they help to restore the individuals freedom, and enable the veteran to lead a more independent and productive civilian life.

MORTGAGE-FREE HOMES AND MORE

Building Homes For Heroes® is strongly committed to rebuilding lives and supporting the brave men and women who were injured while serving the country during the time of the wars in Iraq or Afghanistan. Our organization builds or modifies homes and gifts them mortgage free to veterans and their families.

FINANCIAL AWARENESS PROGRAMS

To further assist veterans, Building Homes For Heroes® has added financial planning services. Each home recipient is provided with a financial planning representative. This program is designed to provide the new, and sometimes first-time, homeowners with advice and guidance needed to maintain home expenses and to plan for a successful future. This service is provided at no cost to the veteran.

EMERGENCY FUNDING

We are expanding our efforts to provide watershed funding for veterans and their families who experience sudden life altering moments in their lives.

TEAM BUILDING

Launched in 2015, the program is designed to strengthen bonds with family spirit among veterans and their families. It is another step toward marital success, family happiness, camaraderie and comfort in their every day lives. The organization has found this program to be tremendously inspirational for veterans and families. This is another instance of the veterans being defined by their accomplishments and activities not their injuries or disabilities.
